

ACCELERATOR

OVEN & GRILL CLEANER

CONTAINS: Sodium Hydroxide 300g/L

BENEFITS:

- Heavy duty concentrate
- No harsh scrubbing required
- Contains sequesterants for improved cleaning

ACCELERATOR is a concentrated heavy duty alkaline detergent designed for the daily cleaning of ovens, grills and other cooking equipment. ACCELERATOR rapidly removes carbonised food deposits and heavily congealed fats and greases. ACCELERATOR contains sequesterants, builders and a highly efficient detergent system for easy rinsing from all surfaces. **NOTE:** ACCELERATOR is not suitable for use on aluminum surfaces and/or equipment.

DIRECTIONS FOR USE:

OVEN & GRILL CLEANING

1. Remove excess greases, fats and carbonised deposits with a spatula or other suitable implement and rinse with water.
2. Spray ACCELERATOR undiluted directly onto equipment to be cleaned. Heat equipment to approximately 80°C and leave for 5 to 10 minutes (DO NOT allow equipment to dry-out when heating).
3. Scrub with scourer and rinse off with water when clean.
4. Rinse product contacting surface with potable water after use.

GENERAL CLEANING

ACCELERATOR may also be diluted with up to 20 parts water for the periodic cleaning of heavily soiled areas. The dilution rate may be altered depending upon the degree of soil.

CAUTION: Do not use for manual dishwashing (washing by hand). Do NOT mix with HOT water.

WARNING: CORROSIVE. May produce severe burns. Attacks skin and eyes.

Accelerator - July 2014, 1

SAFETY DIRECTIONS:

Wear suitable gloves and eye/face protection. Avoid contact with skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of accident or if you feel unwell, seek medical advice immediately (show label where ever possible).

FIRST AID:

For advice, contact a Poisons Information Centre (Phone Australia 131 126; New Zealand 0800 764 766) or a doctor. If swallowed, do NOT induce vomiting. If in eyes, hold eyelids apart and flush the eye continuously with running water. Continue flushing until advised to stop by the Poisons Information Centre or a doctor, or for at least 15 minutes. If skin contact occurs, remove contaminated clothing and flush skin and hair with running water.

SAFETY DATA:

For further information refer to the Material Safety Data Sheet (MSDS) located on the Whiteley Industrial website: www.whiteley.com.au

HEALTH AND SAFETY STATEMENT:

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have a potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

ENVIRONMENTAL STATEMENT:

Whiteley Industrial manufactures products that comply with Australian and International environmental policies. Whiteley Industrial aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley Industrial products are supplied in 100% recyclable containers. Whiteley Industrial and its staff are fully committed to ensuring that our Australian environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.
