

G.N. LIQUID

GENERAL NEUTRALISER FOR ALDEHYDES

G.N. LIQUID is an excellent aldehyde neutraliser which, based on synergy, effectively and practically neutralises aldehydes. G.N. LIQUID has been specifically designed to neutralise aldehydes and has the added benefit of changing the colour of the aldehydes to brown 5 minutes after being added. G.N. LIQUID has been conveniently packaged in 500mL containers.

DIRECTIONS FOR USE:

Pour G.N. LIQUID into the container of aldehyde. Mix well using a stirring motion. For Aidal Plus (2.1% Glutaraldehyde) and Opal (0.57 Ortho-Phthalaldehyde) use G.N. LIQUID at a ratio of 1:10. Allow to stand until the colour changes if discarding to sewer and 24 hours if discarding to a septic tank. Discard neutralised solution to the sewer or septic system with copious amounts of water. Rinse neutralised aldehyde container with water after use to remove any traces of neutraliser.

G.N. LIQUID	AIDAL PLUS - 2% GLUTERALDEHYDE	OPAL - 0.57% ORTHO- PHTHALALDEHYDRATE
50mL	500mL	500mL
100mL	1 Litre	1 Litre
200mL	2 Litres	2 Litres
250mL	2.5 Litres	2.5 Litres
500mL	5 Litres	5 Litres

The use of gloves is highly recommended when using G.N. LIQUID.

CHEMICAL COMPOSITION AND PROPERTIES:

Appearance:.....	Yellow Liquid
Odour:.....	Ammonia
pH:.....	9
Solubility:.....	Completely Soluble In Water
Rinsibility:.....	Excellent - No Residues
Specific Gravity:.....	1.1
Foam Properties:.....	Non-foaming
Dangerous Goods Rating:.....	Nil

G.N. Liquid - September 2017 1

SAFETY DATA: Information is listed in the Safety Data Sheet.

PACKSIZES: 12x500mL

HEALTH AND SAFETY STATEMENT:

There is no way of predicting an individual's response to cleaning or disinfecting products. All cleaning and disinfecting products have a potential to cause skin and other irritation in susceptible individuals. Direct physical contact with the skin should be avoided. If irritation does occur when using this product or any other cleaning/disinfecting solution then the individual should be removed from direct contact with the solution until a satisfactory safe working environment for that individual is determined.

ENVIRONMENTAL STATEMENT:

Whiteley Corporation manufactures products that comply with Australian and International environmental policies. Whiteley Corporation aims to ensure that every product is 100% biodegradable, whilst achieving optimal performance and benefit to customers. All Whiteley Corporation products are supplied in 100% recyclable containers. Whiteley Corporation and its staff are fully committed to ensuring that our Australian environment and those international environs in which our products are used are enhanced by the use of technology, and that these environments are preserved for the enjoyment of future generations.
