

HANDISAN[®]

FOAM

Waterless Hand Sanitising Routine

- 1 Dispense sufficient volume of Handisan[®] Sanitising Foam into hands. Ensure fingertips and fingernails are covered.

- 2 Thoroughly rub product over all surfaces.

- 3 Pay special attention to thumbs and the webbing between the fingers.

- 4 Interlace fingers, cover nails, palms, fingers and backs of hands.

- 5 Allow Handisan[®] Sanitising Foam to dry on the hands.

Insist on **Whiteley Skin Technology** when ordering your hand hygiene products
